Synchronous Instruction (BLUE) will be “real time” instruction or tutoring on Zoom. Classroom Zoom rooms will be open M, T, TH, F from 8:40-1:00 so students and parents will not have log on and off multiple times. Students will interface with peers and the classroom teacher to learn subject content that applies asynchronous independent work.

Asynchronous Instruction (YELLOW) does not require students to be engaged in an activity at the same time as others, and they allow the learner to set their own pace. Some examples include videos produced by the instructor or web, reading assignments, quizzes, workbook pages, written assignments or other assessments.
